#### Other Symbols:

Pre-aspirated k may be written with a single dot, as in:  $hki \cdot P \cdot hku \cdot d \cdot hkaa \cdot b$ .

X is the symbol for Christ. English-style punctuation is used except for the full stop or period, which is  $\,\times\,$ 

Although the following sounds do not exist in Naskapi, these characters are often found when spelling proper names or places:

#### <sup>6</sup> የነበ<sup>1</sup> Άርθι ⊳ር Γላσ∇6<sup>6</sup>

The Naskapi text was set in BJCree Uni, a TrueType Unicode font, desiged developed and tested in the community of Kawawachikamach with the collaboration of Naskapi readers. Verse reference numerals set in Century Schoolbook.

Accompanying English text in titles, wordlists and front matter set in Gentium, a Unicode font designed for SIL and the minority languages of the world by Victor Gaultney.

Typeset and layout using Paratext and Microsoft Word stylesheets.
